UCare Minnesota and UCare Wisconsin, Inc. are Medicare Advantage organizations with Medicare contracts. Members may enroll in the plan only during specific times of the year. Contact UCare for Seniors for more information. Individuals must have both Part A and Part B to enroll. Members must use network providers for routine care, except for emergency care, out-of-area renal dialysis, urgent care, and Point-of-Service benefits. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.
