

TOP 10 INNOVATIONS IN MEDICAID SERVICES FROM UCARE

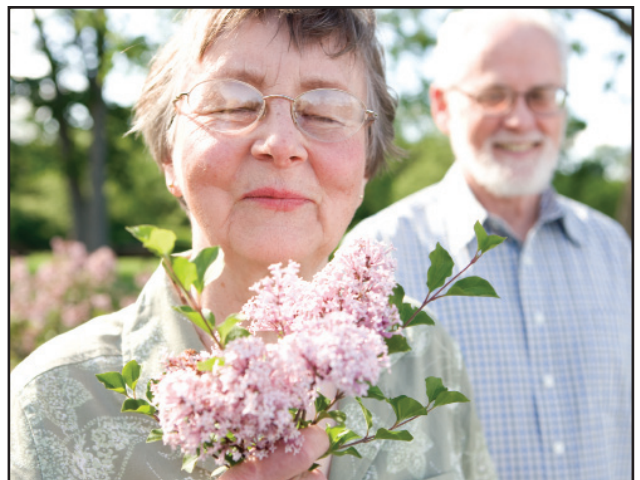

1. The UCare Tooth Care mobile dental unit has performed more than 31,000 dental procedures, including cleanings and check-ups, on more than 6,000 UCare members across the state.

2. UCare has provided more than 27,000 free convertible and hi-back booster car seats to low-income families across Minnesota since 1997.
3. UCare arranges an average of 15,000 bus, van, and cab rides per month to and from doctor appointments and childbirth and pregnancy classes for PMAP, MnDHO, and MSHO members.
4. UCare covers interpreter services for an average of 5,000 members per month at doctor appointments.
5. UCare has reached nearly 113,000 members to remind them to get their children's necessary immunizations and blood lead tests. We've also given nearly 8,000 \$25 gift certificates to members whose children were up to date on their immunizations and blood lead tests since 2003.
6. More than 10,000 mothers have received \$25 gift certificates for having early prenatal care and/or a six-week postpartum visit since 2002.

7. UCare has provided more than 53,000 hours of free Early Childhood Family Education classes to its members since 1999.
8. UCare has provided more than 23,000 \$15 discounts to members for community education classes since 1998.
9. Nearly 89% of respondents to a survey of members using our Cardiocom heart failure system have made changes in the way they care for themselves.
10. UCare has covered asthma and diabetes camp costs for 556 children who are UCare members since 1996.
