County Billing for the \$180 Case Management (CM) fee

County Care Coordinators/Case Managers are reminded not to enter the \$180 Elderly Waiver (EW) case management fee into MMIS using HCPC code T1016. UCare pays counties for case management directly and not through MMIS. The HCPC code X5609 can be used instead, since MMIS does not pay off this code. Entering code X5609 in MMIS can be used to account for the Case Management fee.

Please remember to record the \$180 for the Care Coordination/Case Management fee on the budget worksheet portion of the plan of care. This fee should not be billed to UCare but does need to be accounted for in the member's budget worksheet. There is no fee for the Care Coordination Para-Professional.
