

## Mental Health Targeted Case Management Provider Training

UCare is now offering special WebEx Teleconference presentations on Mental Health Targeted Case Management (MH-TCM), which combines web-based Internet technology and teleconference services. There is no fee to attend one of the presentations, and no travel is required.

- The presentation will help your staff understand:
  - Overview of MH-TCM
  - UCare Model of Care Requirements
    - Authorization and Pre-Notification Process
    - Case Management Requirements
  - Billing Information
  - Questions and Answers (at the end of the presentation)

- **Who should attend?**

County staff (including case managers, billing personnel, or other interested staff), and providers who are contracting with UCare for MH-TCM services.

- **When?**
